PROFILE

Hi! My name is Vitaly. I am a motivated junior front-end developer with strong knowledge of HTML, CSS, JavaScript, TypeScript and React. I am looking for a friendly and professional team in which I will have the opportunity to develop my development skills in React and master new technologies. I am quite self-organized, stress-resistant, non-toxic and communicate well with people. I will be very happy to work in your company

WORK EXPERIENCE

Developer courses in School++

Computer Science 2023 - 2024

- Main topics: algorithms and data structures, object-oriented programming (OOP), Java basics

Front-end Developing 2024

- Main topics: responsive web design, JavaScript, TypeScript, React, Redux

Проекти

Website of digital agency
