SOFT SKILLS

- · Critical Thinking
- Problem solving
- Time management
- Good communication

PROFILE

Novice front-end developer.

Seeking an opportunity to grow as a Junior Developer and apply my knowledge in creating innovative software solutions.

No professional experience since in the production, but I work on collaborative and my own projects, and the results of my work can be seen on my GitHub. But I am very interested in web development and I plan to develop in this direction.

WORK EXPERIENCE

School++

Computer Science

- Studies Algorithms and Data structures, Object-Oriented Programming (OOP), Basics of Java
