DNEPROPETROVSK NATIONAL MINING UNIVERSITY

2006 - 2010

- Bachelor of Engineering Mechanics

2010 - 2012

- Specialist of Mining Equipment

SOFT SKILLS

- Critical Thinking
- Problem solving
- Time management
- Good communication

PROFILE

Congratulations! My name is Vitalii. I am looking for development opportunities as a Front-end Developer. I have a confident knowledge of HTML, CSS (SASS, including those familiar with the Tailwind, Bootstrap libraries), JavaScript + TypeScript, React. There is experience with Git, developer tools, debugger and package managers. I am quite self-organized, stress-resistant, non-toxic and communicate well with people. There is a great desire to learn, to master new technologies. I will be very happy to work in your company

WORK EXPERIENCE

School++

Computer Science

- Studies Algorithms and Data structures, Object-Oriented Programming (OOP), Basics of Java
- Creates my versions of such popular collections as ArrayList, LinkedList, Stack and Queue.

Front-end Developing

- Studies responsible web design, Cascading Style Sheets(CSS, SASS), TypeScript(Strict mode), React (functional and class style)
- Now developing my project trello, that looks like a your day task planner or for working
